HOW IS SHELTERBOX RESPONDING?

We are working on three projects – two within Ukraine and one supporting those fleeing the country.

1. We are working with People in Need to deliver thousands of mattresses for collective centres like schools and churches in Lviv, Ukraine. Our aid is being distributed to people sheltering in collective centres in Lviv - places where people fleeing conflict-affected areas are seeking shelter and safety. The mattresses will help people sleep and keep warm at night.
2. We are providing shelter kits with tools and rope, high thermal blankets, hygiene kits including items like soap, washing powder and toothpaste, solar lights, buckets and water carriers to help people in Ukraine survive in buildings damaged by the conflict.
3. We will be supporting refugees in Moldova with high priority items they can carry with them, like hygiene items.
